

# **GAIN A COMPETITIVE ADVANTAGE WITH ARC DOCUMENT SOLUTIONS**

**The ARC Product and Service Line**

The logo features the letters 'ARC' in a white, sans-serif font. A red curved line starts under the 'A' and sweeps over the 'R' and 'C'.

**ARC**  
**Document Solutions®**

**3** turnkey solutions. **1** pioneering company.

Hundreds of thousands of customers rely on ARC to deliver construction document management solutions that allow them to focus on what they do best. Plan. Design. Collaborate. Build.

No matter what industry you are in, ARC can optimize all your document and information needs, reduce your operating costs, and improve efficiency within your organization.

# CDIM

## Construction Document & Information Management Services

Manage, distribute, store and reproduce your project documents and information using ARC's portfolio of intuitive, cloud-based applications. Coupled with face-to-face assistance from ARC experts in our global network of service centers, you gain a competitive advantage by making your construction documents and information digitally available. Instantly.

# MPS

## Managed Print Services

ARC can help you optimize your print infrastructure with a scalable, monitored solution for document control and comprehensive print cost recovery. Realize ongoing cost reductions by streamlining your print expenses and components with MPS from ARC. ARC is the only company that can capture all of your document management, on-site, off-site and virtually.

# AIM

## Archiving & Information Management Services

AIM helps you increase productivity and make project collaboration more efficient. Eliminate project delays. Stop waiting for documents to return from storage by creating immediate access to your data and documents. Whether you're working internally, externally, or globally, ARC's AIM technology platform gives you total control of information access.

**SKYSITE™**

SKYSITE is a cloud solution that lets your project team manage, edit, update, distribute, and share construction documents and information all from a single source at any time, from anywhere, on any device.

**Abacus™**

Control costs and manage all your print needs with the leading cost-recovery and print-tracking tool.

**PlanWell® Enterprise**

Manage your construction documents more efficiently with a document management tool that combines reprographic services with a powerful web app.

**MetaPrint®**

Control all your large-format printers, even if they are from different manufacturers, with one piece of software.

**ishipdocs**

Send, share, store, and print using a cloud app that allows you to easily distribute large files (up to 3GB) from your email, no hardware or software required.

**PlanWell® Archive**

Software technology that converts your physical documents into digital versions, enabling immediate access to legacy information and documents.

**PlanWell® Collaborate**

An intuitive, cost-effective cloud project collaboration app designed for construction project managers.

# DELIVERING DOCUMENT MANAGEMENT SOLUTIONS THAT LET YOU FOCUS ON WHAT YOU DO BEST.

At ARC we're always looking at pioneering more ways to advance best practices, technology development, and customer service. Locally, and globally. For your benefit.

No matter what industry you're in, we can help:

- Handle all your document and information needs
- Reduce your operating costs and
- Improve efficiencies within your organization

We stand ready to partner with you and help you manage your documents and information more effectively - wherever you are, and whenever you're ready.
