

Abacus Document Workflow & Print Management Software

Streamline print environments and control costs

Print costs are **out of control**

90%

of companies **don't know** how many printers they have or how much they spend on print.

Most companies have gaps in print efficiencies

- **Unnecessary printing** - users have no idea what a single print costs
- **Abandoned print documents** - on average 17% are never picked up by users
- **Unnecessary color printing** - users don't pay attention to default printer settings
- **Low value use of IT resources** - IT teams shouldn't spend time managing printers and printing workflows

Gain control with insightful dashboards

Abacus improves document workflow and print management to deliver increased cost savings, environment-friendly workflows, and across the board productivity improvements.

Dashboard Metrics

Gain visibility into your print environment

Real-time Snapshots

Reveal print activity and user behavior

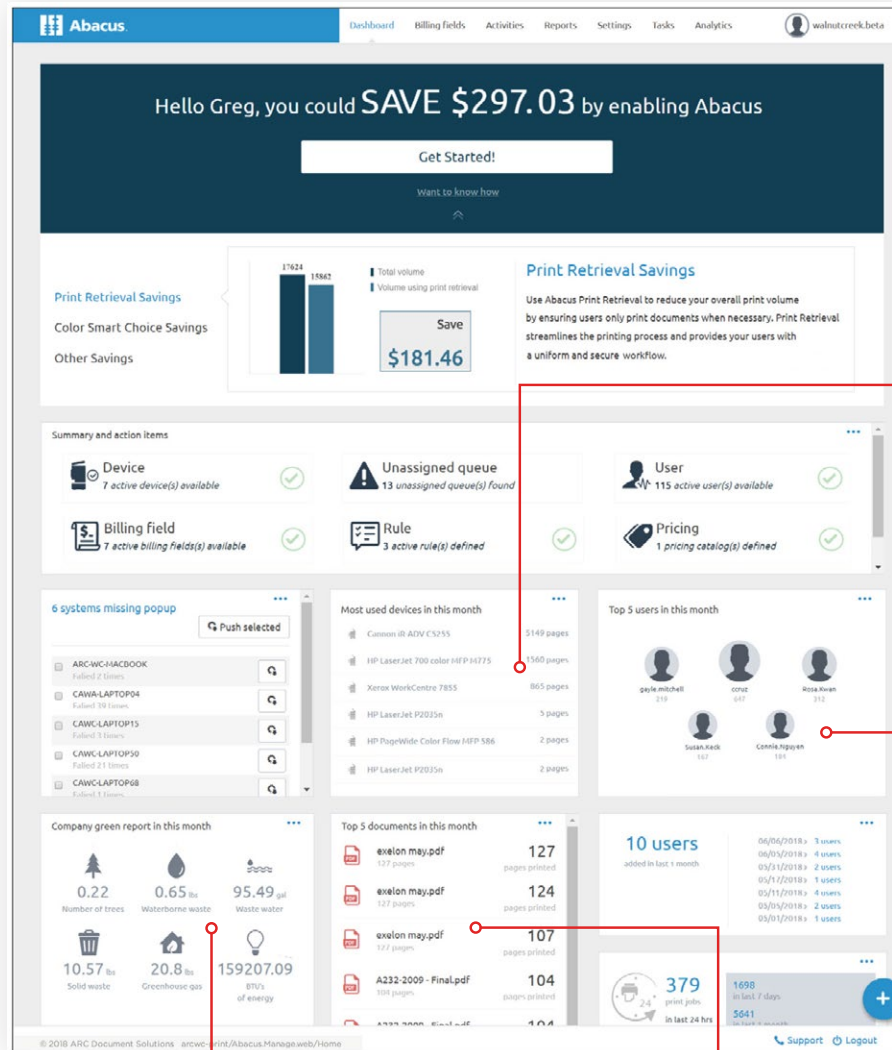

Smart Choice Options

Smart Choice Alert!

Cleanup Cycle.pdf
2018-07-05 11:28:09 \\win-18017pdua2s\XESC405

Did You Know?
Printing in color is four (4) times more expensive than printing in black and white.

Abacus Greg Schiemann gschiemann

Smart Choice Alert!

Tender Specifications.pdf
2018-07-05 11:39:52 \\win-18017pdua2s\XESC405

Did You Know?
Desktop and Workgroup printers are less efficient, use more energy and have higher operating costs than multi-function devices.
Please consider redirecting this print job to a multi-function device.

Abacus Greg Schiemann gschiemann

Smart Choice Alert!

01330 - submittal procedures.pdf
2018-07-05 11:44:04 \\win-18017pdua2s\XESC405 8.5 x 11 in 2 copies, 10 pages (0 Color 0 duplex) Est.Cost: \$1.00

Save a Tree!
Printing this job double-sided (duplex) will save **10 sheets of paper and trees.**
Please consider switching this print to duplex using the EDIT link in the document details above.

Redirect Cancel Continue

Offer black and white printing instead of color

Redirect print job to lower cost option

Encourage double-sided printing instead of single

Streamline Printing

Sending large and complex jobs to ARC directly from your desktop
