Let your windows and walls do the talking

Exposed walls and empty windows can make even the nicest locations feel empty, uninviting, and mundane.

ARC's colorful graphics solutions will **dramatically transform your space** so that you can attract new customers, promote your business, and clearly communicate your message. We'll print and install your graphics on nearly any surface you can think of – windows, buildings, walls, underwater, on kiosks, floors, escalators, and more!

Grow your business

Help guide customers to strategic areas, encourage new buying behaviors, and promote key products and services.

Great impressions

Create a warm and inviting space to ensure that you're displaying your brand and message with professionalism and style.

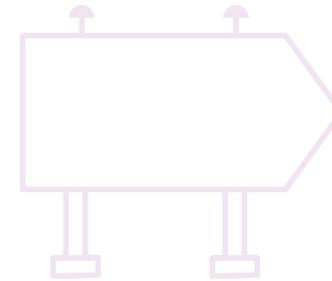

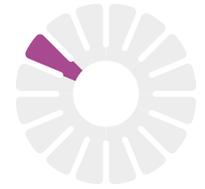

Professional consultation

Our experts will meet with you to review your goals and objectives in detail, then we'll recommend a graphics solution, create your prints, and install them with precision and care.

Custom visuals for any application

Signs need to look impeccable while holding up to constant use. Without the right materials, ink, and coatings, signs can fail, leading to poor results and an unprofessional look for your company.

Using premium materials and state-of-the-art printers, ARC produces signs and banners that are built to withstand the elements and **always look great, rain or shine**. From retail signs and barricades to directional signage and menu boards, we'll create a brilliant sign sure to help you **make a splash**.

Influence behavior

Attract large crowds, direct consumers to specific locations, promote new products, advertise your business, and engage with more customers.

Multiple applications

Banners and signs can fit wherever you need maximum impact – retail stores, schools, events, restaurants, hotels, office settings, and more.

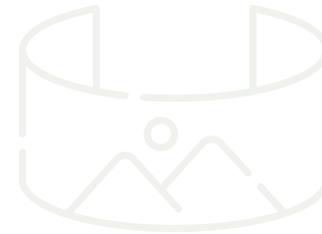

Built to last

We craft our signs and banners using reliable materials to ensure they look amazing, even after years of use.

Create a place that inspires and energizes

Barren rooms and boring lobbies are a thing of the past. Companies today put a lot of resources into building spaces that define their culture, promote action, and encourage collaboration.

Environmental graphics add excitement while **clearly communicating your organization's vision**. By combining ingenuity, specialized materials, and advanced production techniques, our experts will build a stunning visual display sure to make your **brand and location shine**.

Foster productivity

Environmental graphics solutions that are fun and energetic help team members to focus, execute, and stay motivated.

Show off your company

Promote your brand with confidence while sharing your ideals and values with guests, team members, and clients.

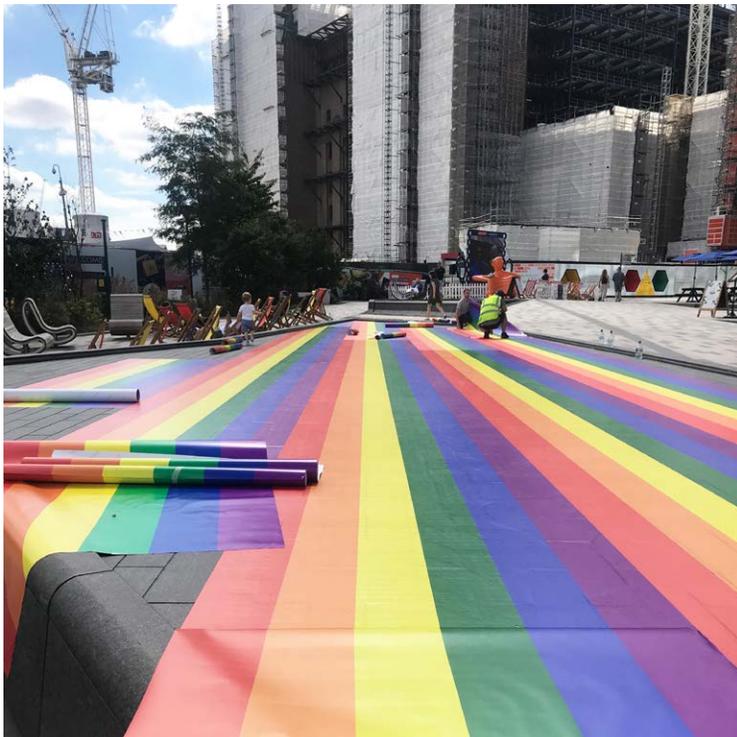

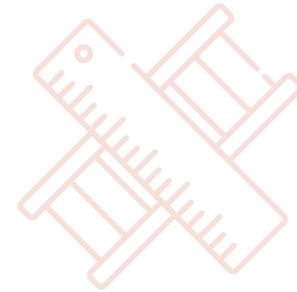

Project management

When you partner with ARC, we take care of all the logistics; We'll measure for, produce, and install a graphics package that is custom-built to the unique requirements of any space.

Professional installations, remarkable results

Graphics and displays that are not installed properly can release from their surface, adding thousands of dollars to your project costs while reflecting poorly on your company and brand.

ARC knows exactly which materials, paints, substrates, and coatings to use to ensure your graphics look magnificent. Our professionals will carefully **measure for, print, and install** your graphics so that they fit perfect, look great, and stay put.

Full-service

Our project managers offer unmatched logistical support throughout every phase of your roll-out plan, from site survey and measuring, to printing and installation.

Rapid deployment

From our 190 locations worldwide, we can accommodate last-minute requests and are committed to installing your graphics professionally, quickly, and on-time.

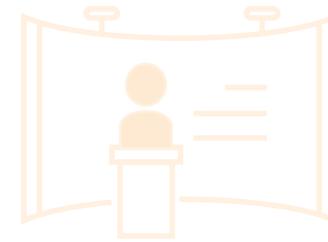

Any surface

ARC installs graphics onto anything; We will consult with you on preparing your surfaces to ensure a strong bond and provide instructions for caring for your graphics after installation.

Engage your audience, build your business

It's hard to distinguish yourself and your organization from competitors if your display doesn't stand out from the crowd.

We're experts at helping you to **showcase your products and services** with colorful tradeshow booths, custom graphics, and exciting visual elements. Whether you're sponsoring a hole, attending a tradeshow, or hosting a special event, ARC will make sure you **look your best!**

Acquire more customers

Easily start conversations with prospects when you have a brilliant display that is designed to attract and engage new clients.

Custom displays

Aside from traditional tradeshow booths, we produce unique display systems and graphic backdrops that maximize the response for any occasion.

Professional branding

ARC makes sure your displays and materials are consistent across all mediums; Your logo will be the same color on the 18th hole as on your brochures and banners at the clubhouse.

Catch eyes and turn heads

Whether you have a single car or a long line of semi-trucks, it's a lost opportunity if you're not advertising your business on the road.

ARC will **transform your vehicle or fleet** into a mobile billboard designed to promote your business and **attract new customers**. Using your logo and custom design, we can print on a variety of materials and will wrap nearly anything, from cars and trucks to boats and rollercoasters.

Reliable materials

Our premium materials and finishes are designed for constant use and will keep your vehicle looking fresh and new after thousands of miles of rain, sun, and snow.

Consistent results

We'll make sure your colors, logo, and design look great across your entire vehicle fleet so that your brand is always showcased for maximum impact.

Custom fit

Our professional installers will make sure your design fits perfectly around every nook and cranny, guaranteeing a perfect fit every time.

Represent your brand with confidence and consistency

It's not easy to win new customers and grow your business if your company materials don't look professional. Unfortunately, marketing assets are an area where it's common to cut corners.

ARC produces high-quality marketing materials such as stationery, brochures, flyers, promotional items, and business cards. Whether you're a large company or a mom-and-pop shop, we'll make sure you have all of the assets you need to run your business and **take it to new heights.**

Make your materials stand out

We have a large selection of quality card stock and our production equipment is capable of embossing, imprinting, and coating a variety of materials.

High-quality

Your company collateral is always printed on premium materials to ensure you make a great impression every time.

Convenient and efficient

Simply pick up your order from one of our 190 locations, or ARC will deliver your marketing assets directly to your event or office.

Binders built in-house

Many organizations scramble to meet tight deadlines on large proposals, often overlooking crucial final steps. In a competitive marketplace, it's imperative to present your bid in a way that is unique and dressed to impress.

Make your next proposal a win using ARC's custom binders. We craft each binder from scratch and customize everything from the materials, design, and graphics. We offer a variety of specialty finishes such as soft touch, metallic film, and more. We'll even **personalize the tabs** on the inside, then print and fill with your presentation materials.

Expert craftsmanship

Our custom binders are hand-built in-house with extreme attention to detail.

Multiple sizes

We produce our binders in various sizes to accommodate anything you need to present, big or small.

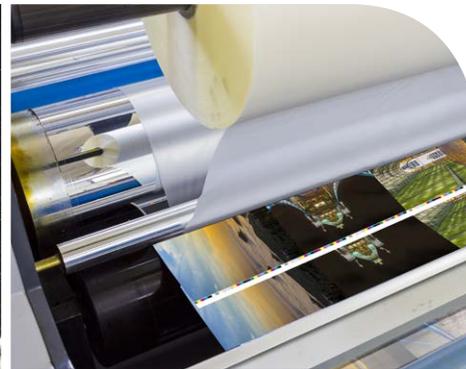

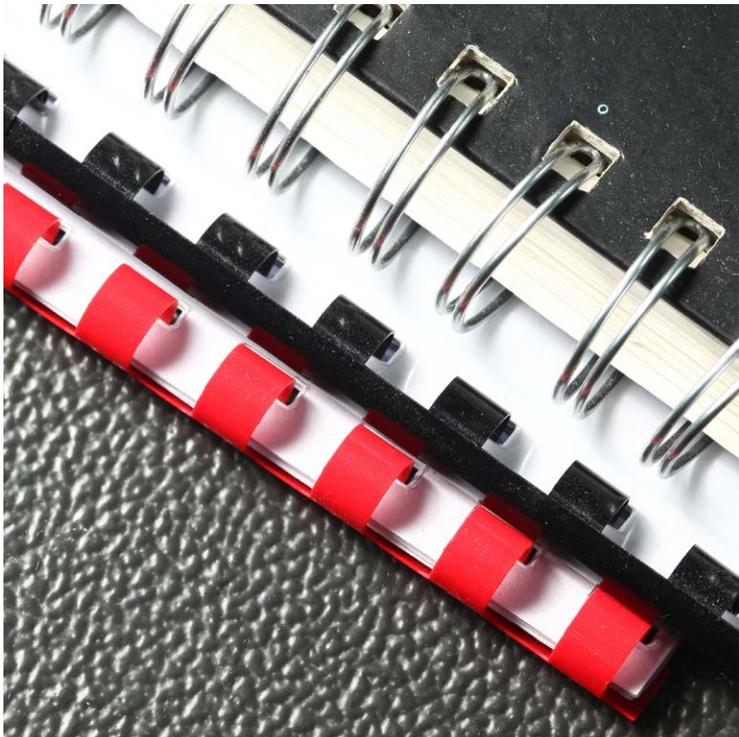

Tailor-made tabs

Choose customized tabs to clearly organize your proposal and add a professional touch – we'll include your logo, tab divider title, or anything else you need to blow them away.

Take your project from good to great

It's easy to neglect the little things when you have multiple projects and lots of moving parts, but paying attention to the small stuff yields big results.

Let ARC put the **perfect finishing touches on your materials**; Whether you have a book hot off the presses that requires binding, a guide that you want laminated, or a sign that needs to be mounted, we'll take care of the meticulous details and **make your project a home run.**

Assorted bindings

Make your prints shine with a wide range of binding options such as **wire, perfect bind, continuous coil, spiral and comb binding, saddle stitch, screw post, and more.**

Multiple finishes

We'll add creative elements to your items with a variety of finishing choices like **specialty laminating, embossing, mounting, stamping and hemming.**

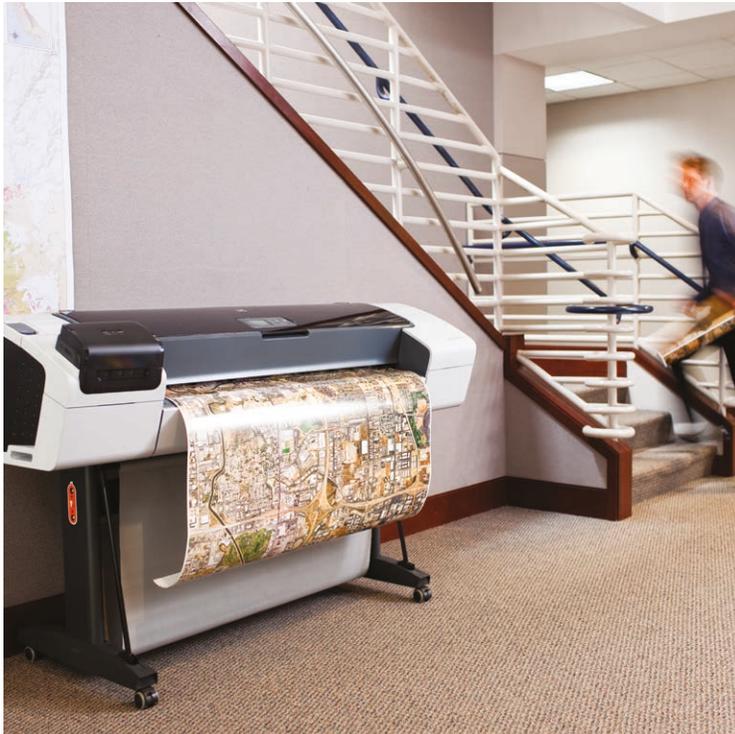

Attention to detail

Our experts will carefully bind or finish your materials with precision, making sure they look spectacular for you and your audience.

You handle your business, we'll handle your prints

Printer, toner, maintenance, and supply costs can easily run out of control when left unchecked.

Reduce waste and increase productivity with our Managed Print Services. Whether you have a few small printers at your office or several large multifunction machines around the globe, ARC can handle all of your printer maintenance, supply, and support needs. When paired with our Abacus software, you'll get actionable insights that empower you to **focus your energy on what you do best.**

Expert consultation

We'll assess your current situation and provide a solution that consolidates and streamlines your printers, scanners, and fax machines.

Save time and money

With our advanced Abacus software, we'll provide you with key metrics to identify and eliminate areas of waste and enable users to choose the least-expensive print option for each job.

Focus on you

With ARC handling your printer maintenance, support, and supplies, you can concentrate on growing your business.

Quality printers and supplies delivered to you

Most companies work with multiple vendors to purchase their printers, maintain service, and re-stock a variety of paper and toner.

As one of the largest print service providers in the world, ARC has a variety of printers, plotters, scanners, paper, and supplies to accommodate any need you have at your business. We are partnered with top manufacturers so that we can equip you with the dependable, high-quality equipment and supplies you need to **get the job done**.

One print partner

Choose ARC for all of your run-the-shop needs like multifunction machines, copiers, desk printers, paper, toner, and supplies.

Premier partner of Xerox, HP and Canon

We provide our customers with 100% genuine parts, toner, and supplies, so you can be assured you're getting a quality OEM product every time.

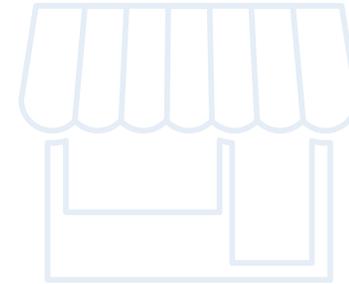

Convenient and easy

Simply browse our large selection of equipment and supplies, place your order, and we'll deliver your items to you anywhere in the world.

Consistent branding made simple

Dealing with conflicting messaging, inconsistent branding, and unreliable materials is common when you have multiple team members managing your printed assets.

ARC's Digital Storefront empowers you to **order, manage, and maintain** all of your signage and printed materials from one convenient platform. Our on-demand fulfillment system delivers all of your flyers, business cards, invitations, menus, and branded materials straight to you.

Convenient and scalable

Whether you need a company banner at one location or brochures and shirts at multiple sites, simply login, place your order, and we'll deliver to you anywhere in the world from one of our 190 locations.

Manage and maintain

With all of your asset files in one place, ordering, re-ordering, and distributing materials to your team is a breeze.

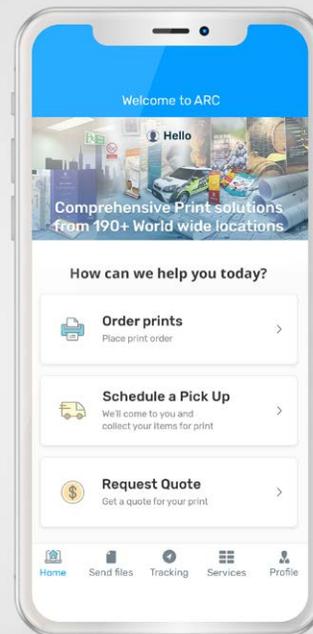

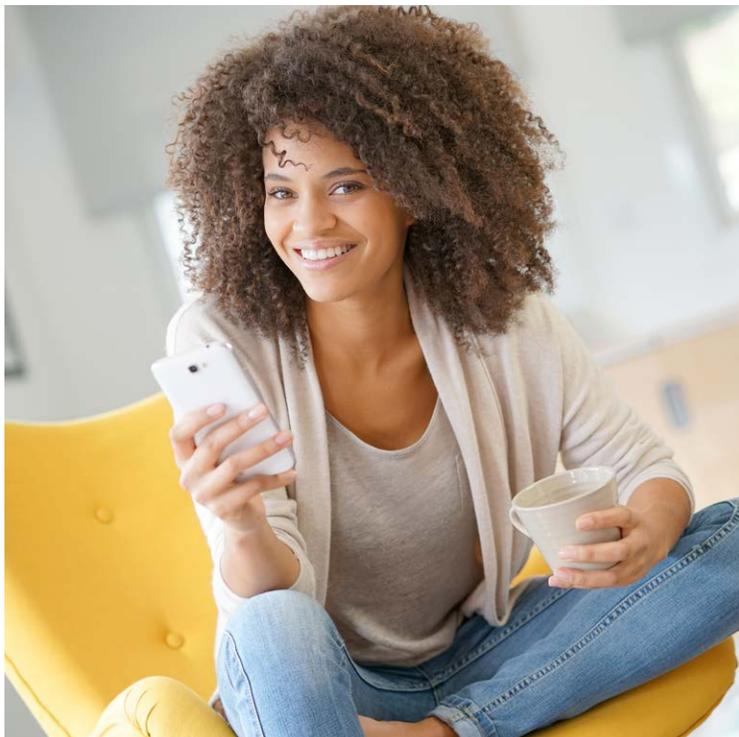

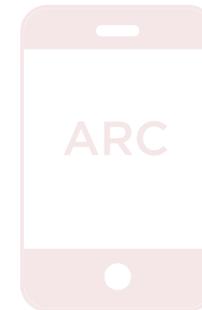

Ensure consistent branding

No matter how large or small your business is, your brand will be represented clearly and consistently from one location to the next.

Print from your phone

Getting quality prints when you're on the go is difficult, and when you're traveling, you may be forced to trust an unfamiliar printer with an important job.

The ARC Print app enables you to order prints, track job progress, or schedule us to swing by your office to pick up your materials. Once your prints are complete, simply pick them up from a local service center or we'll deliver anywhere around the globe. The ARC Print app makes getting prints **simple, fast, and convenient**.

Easily order prints from your phone

Whether you need new business cards, window signage or a custom binder, simply upload your file and we'll get to work producing your prints.

Get real-time updates

We'll provide you with up-to-date statuses so you always know when we receive your file, when we print it, and when it's ready for you.

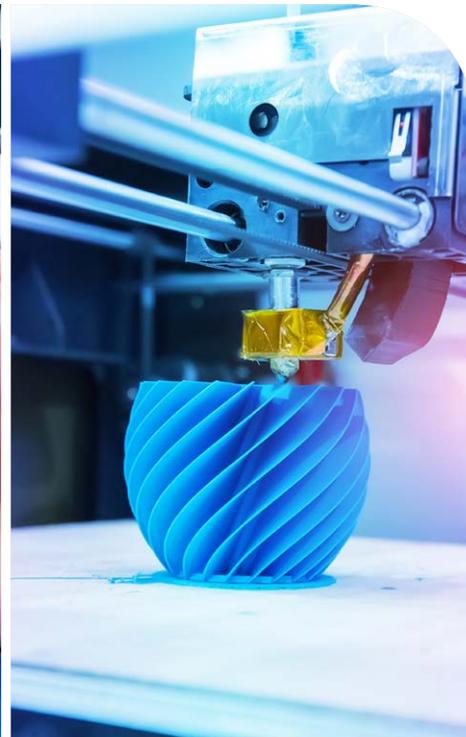

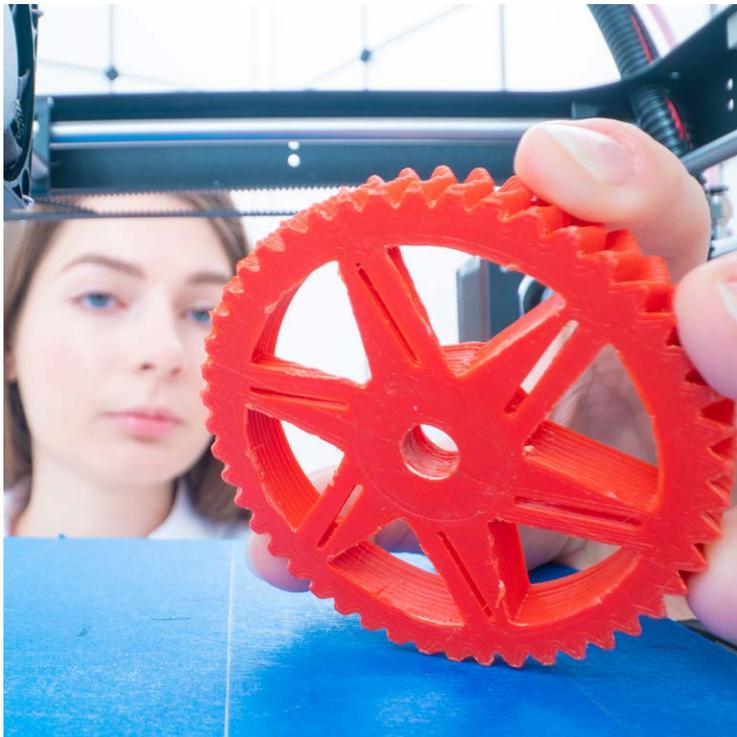

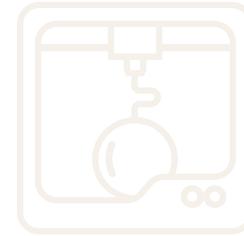

Convenient fulfillment options

Our global footprint ensures you're never far from one of our local service centers, or we'll deliver your materials to you anywhere in the world.

Clearly communicate your design

Producing a great looking 3D printed model requires experience in output options, file healing, and design to meet desired outcomes.

ARC provides **guaranteed printability and design services** to take your concept from a napkin or 3D file to a full color physical model. We deliver high-quality 3D print production with fast turnarounds and endless material options.

Provide a vision

Clearly communicate your 3D design and increase buy-in from stakeholders by differentiating your efforts with a physical model.

Easily visualize

Increased flexibility to quickly experiment and present accurate and updated depictions with stunning 3D models.

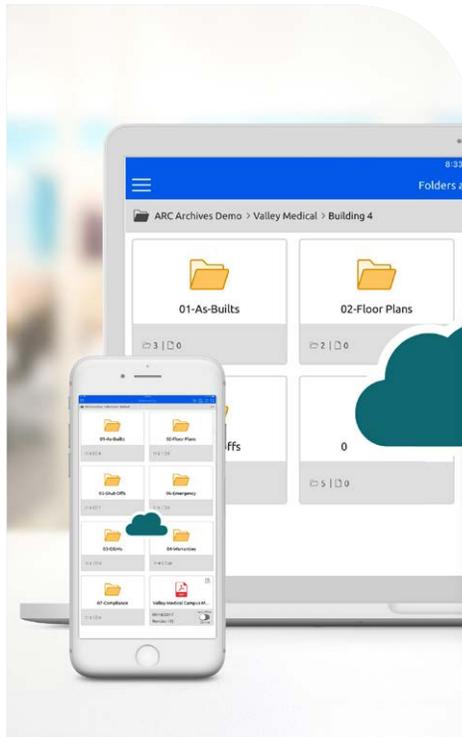

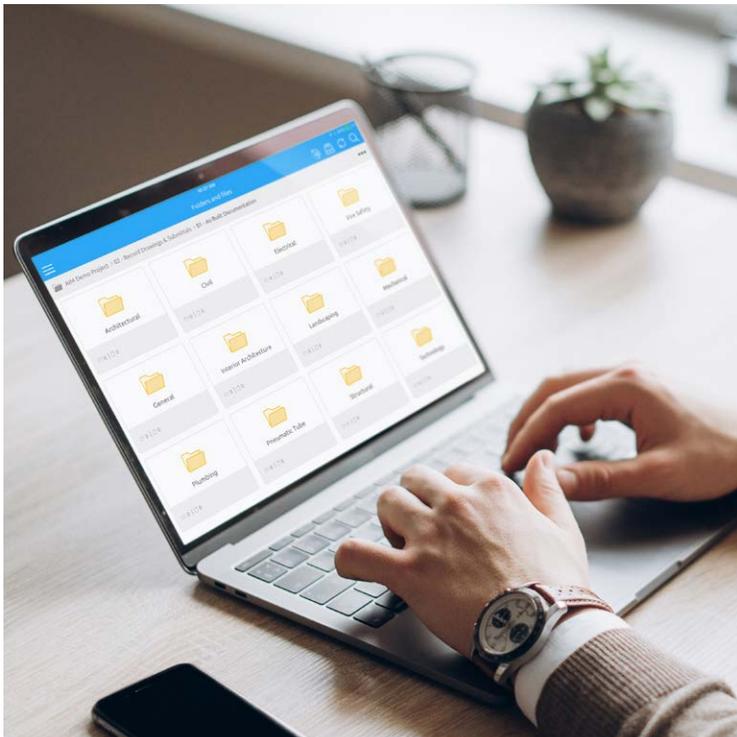

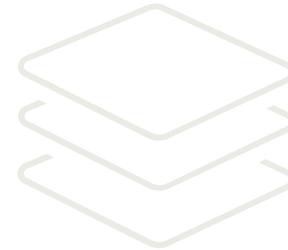

Best-in-build 3D printers

We use the most advanced 3D printers available. Variables like material, color, size, durability and detail play an important role; trust our experts to ensure your 3D print looks amazing.

Find the info you need in seconds, not hours

With the slow and costly processes brought on by paper and decentralized workflows, many teams spend significant time conducting inefficient searches just to do their job, and at a huge cost to organizations.

Built for industries such as healthcare, legal, hospitality, and more, our SKYSITE Archives mobile platform **captures, organizes, and centralizes** all of your paper and digital documents from all departments, giving you instant access to your information from any mobile or desktop device.

Free from paper, free up budget

Eliminating paper expenses like printing, processing and storage frees up budget for other organizational investments.

Reduce cost, increase efficiency

The average employee wastes at least an hour a day searching for information they need to get their work done. Reduce that 60 minutes to 60 seconds.

HIPAA Compliant

All of your PHI and PII data and images are encrypted so only authorized parties can access it, protecting you and your information from a data breach.

Improve communication with seamless team connection

With teams rarely in the same place at the same time, working together can be a challenge. Office staff, field teams and remote employees need to be able to collaborate and work through challenges efficiently.

No matter what business you're in, our SKYSITE SmartScreens empower you to **bring your team together** to share documents, presentations, spreadsheets, and other content in an interactive way that **improves your coordination meetings**.

Modernize your meetings

No need to huddle around a slideshow, deal with cables during presentations, or use multiple tools to present, markup or share comments with the team.

Fewer mistakes, less work

Our SKYSITE SmartScreen is an intuitive tool that significantly improves team productivity and collaboration.

Built tough

SmartScreens come in various sizes and are equipped with high-grade impact resistant anti-glare glass and a heavy duty stand that also lays flat.
