Inspire, Educate, and Empower

# Contents

## About ARC and RIOT

ARC prints and installs high-end color graphics for some of the nation's largest education systems. We specialize in producing large-format wall and window graphics while helping schools to seamlessly manage their information, printing services, and documents.

Riot is the specialized color division of ARC dedicated to those unique projects that require the vision of an artist and the skills of a master craftsman. Our passion for project management and commitment to quality and reliability drive us to deliver stunning graphics and remarkable results every day.

Together, ARC and Riot are committed to helping schools promote education, diversity, and empowerment.

# Interior Graphics

Create a place that inspires and energizes

Exposed walls and bare windows can make even the nicest facility feel empty and uninviting. Schools today must put considerable resources into building a space that defines their culture, fosters learning, and encourages collaboration.

Our colorful graphics solutions will dramatically transform your campus so that you can inspire students, promote school values, or bring classroom lessons to life. Our experts will print and install your graphics on nearly any surface you can think of – windows, walls, floors, pools, stairs, elevators, and more!

## Bolster productivity

Environmental graphics solutions that are fun and energetic help students to focus, execute, and stay motivated.

## Show off your school spirit

Promote your school with confidence while sharing your ideals and values with students, faculty, and parents.

## We've got you

When you partner with ARC, we take care of all the logistics; We'll measure for, produce, and install a graphics package that is custom-built to your unique requirements. We offer a large selection of specialty materials including Type II, privacy films, and environmentally friendly options.

## Perfect for:

- Hallways
- Classrooms
- Windows
- Gymnasiums
- Locker rooms
- Pools
- Stairs & elevators
- Administration areas
- Cafeterias

# Signs & Banners

Custom visuals for maximum impact

Between pep rallies, dances, graduations, and on-campus announcements, signs and banners are a highly visible element throughout most schools. That’s why they need to look great while holding up to use and abuse. Without the right materials and installation techniques, graphics can quickly fail, resulting in an unprofessional look.

ARC uses state-of-the-art printers and premium materials to produce signs and banners that are built to withstand the elements and always look great – rain or shine. Our experts are obsessed with the details, so your school colors, mascot, and branding will look consistent every time.

## Spread the word

Unleash your school spirit, direct students to specific locations, promote an event, or reinforce your core values.

## Multiple applications

Banners and signs will fit wherever you need maximum impact – classrooms, cafeterias, common areas, sporting events, pep rallies, and more.

## Built to last

We craft our signs and banners using reliable materials to ensure they look amazing, even after years of use.

### Perfect for:

- Hallways
- Classrooms
- Administration areas
- Project sites
- School events
- Athletic fields
- Cafeterias
- Drop-off zones
- Gymnasiums
- Sporting events

# Safety Graphics & PPE barriers

## Bring safety and protection to your school

As schools adapt their campuses to onsite learning amid COVID-19, they are introducing new protocols to create a safe learning space for students and faculty.

ARC's large collection of **safety graphics** is designed especially for educational institutions. Our signs include the latest health and safety information and feature clear illustrations with simple messaging to help direct foot traffic,

encourage frequent hand washing, and reinforce social distancing throughout campus.

**Cube Mate** is a desktop barrier that adds an extra layer of protection and can help lower the risk of infection from airborne droplets. Lightweight and hand washable, this portable learning companion helps students feel safe while protecting against sneezing and coughing. Cube Mate can be placed in nearly any space where you need additional safety measures.

### Fully customizable

Add your mascot, school colors, or custom message to accommodate any special requirements your school has. Need your signs translated into a different language? We've got you covered.

### “Be” safe and “show” safe

When students, staff, and visitors see safety signs and PPE barriers that have been carefully placed onsite, it helps set them at ease knowing that their wellness is a priority. This results in a healthier and less stressful learning environment.

### Multiple purchase options

Eligible for purchase with CARES Act funds, GoodBuy and BuyBoard purchasing co-ops, and via ARC's GSA Schedule pre-approved discount (GS-O3F-142DA).

### Perfect for:

- Classrooms
- Entrances & exits
- Temperature check stations
- Gymnasiums
- Cafeterias
- Drop-off zones
- Administrative offices
- Recreation areas
- Washrooms
- Common areas
- Auditoriums
- Lecture halls

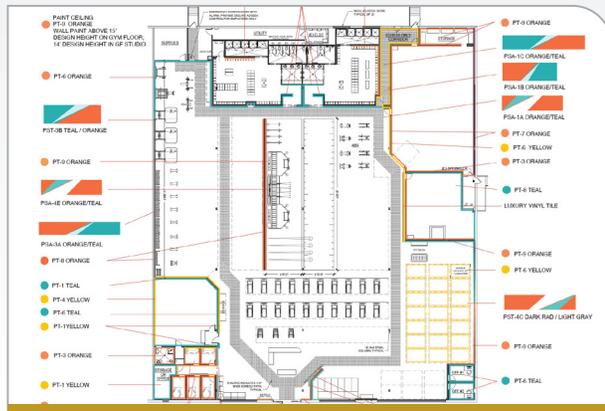

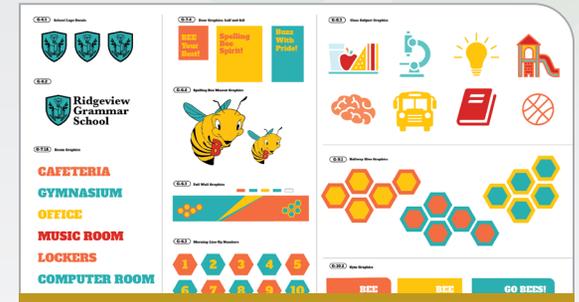

# Graphic Design Services

We'll help you create a masterpiece

We are fluent in the intricacies and challenges that most schools face, and we know how important it is to represent your school consistently across campus – from the colors on your business cards to the mascots, images, and designs on your walls.

ARC's graphics experts are here to help, We can quickly manage and execute all of your graphic design requirements, helping you and your staff to stay focused on what you do best.

## Paint Plans

Using to scale plans of your school, we'll help you visualize the paint, wall designs, and accents that will be placed throughout your entire facility.

## Elevation Plans

We'll create your technical drawings to scale, helping you to identify any spots that may need special attention.

## Graphics Plans

ARC will lay out your facility and graphics in an easy-to-understand format, giving you a clear view of where each graphic will be installed.

We'll design your custom graphics for:

- Hallways
- Trophy & awards cases
- Classrooms
- Windows
- Gymnasiums
- Pools
- Stairs & elevators
- Administration areas
- Cafeterias, and more

# Installations & Logistics

Let's make your school shine

Schools must keep their graphics, messaging, and signage fresh to inspire students, boost school spirit, and create a space where it's exciting to learn.

While you focus on building young minds, let our project managers build a beautiful

campus that energizes your students and staff. Whether you have a window graphic to hang or a large graphics rollout for your entire school district, we'll manage every step of the install process and provide full-service support every step of the way — from site survey and measuring, to printing and installation.

## Impeccable quality, professional execution

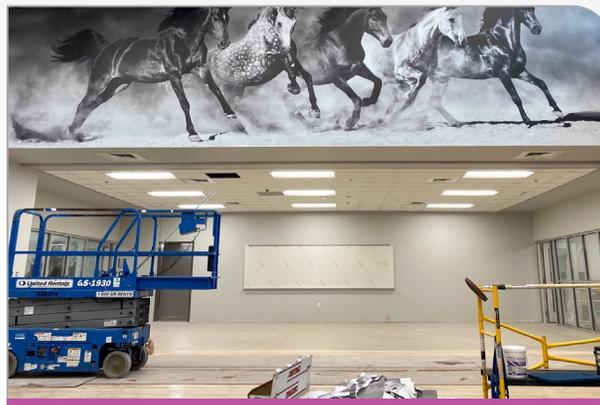

Hand us the reins and we'll jump in with both feet to schedule, coordinate, manage, and ensure your project goes smoothly. We're experts at handling every twist and turn in the road to make sure your plan goes off without a hitch.

## Rapid deployments & installations

From our 150+ North American locations, we can accommodate last-minute requests and will install your graphics with an extreme amount of pride, craftsmanship, and accountability.

## Unmatched logistical support

From file preparation and production to installation and vendor management, we're experienced at coordinating with architects and general contractors and will manage logistics to ensure your project is delivered on-time and on-budget

## Our specialties:

- Consultation
- Site surveys
- Project management
- Logistics
- Installations
- Coordinate with architects & general contractors

# Online Order Portal

## Consistent branding made simple

Dealing with conflicting messaging, inconsistent branding, and unreliable materials is common when you have multiple staff members managing your printed assets.

ARC's online order portal empowers you to order, manage, and maintain all of your signage and printed materials from one convenient platform. Our on-demand fulfillment system delivers all of your school flyers, business cards, posters, and branded materials straight to you.

## Convenient and scalable

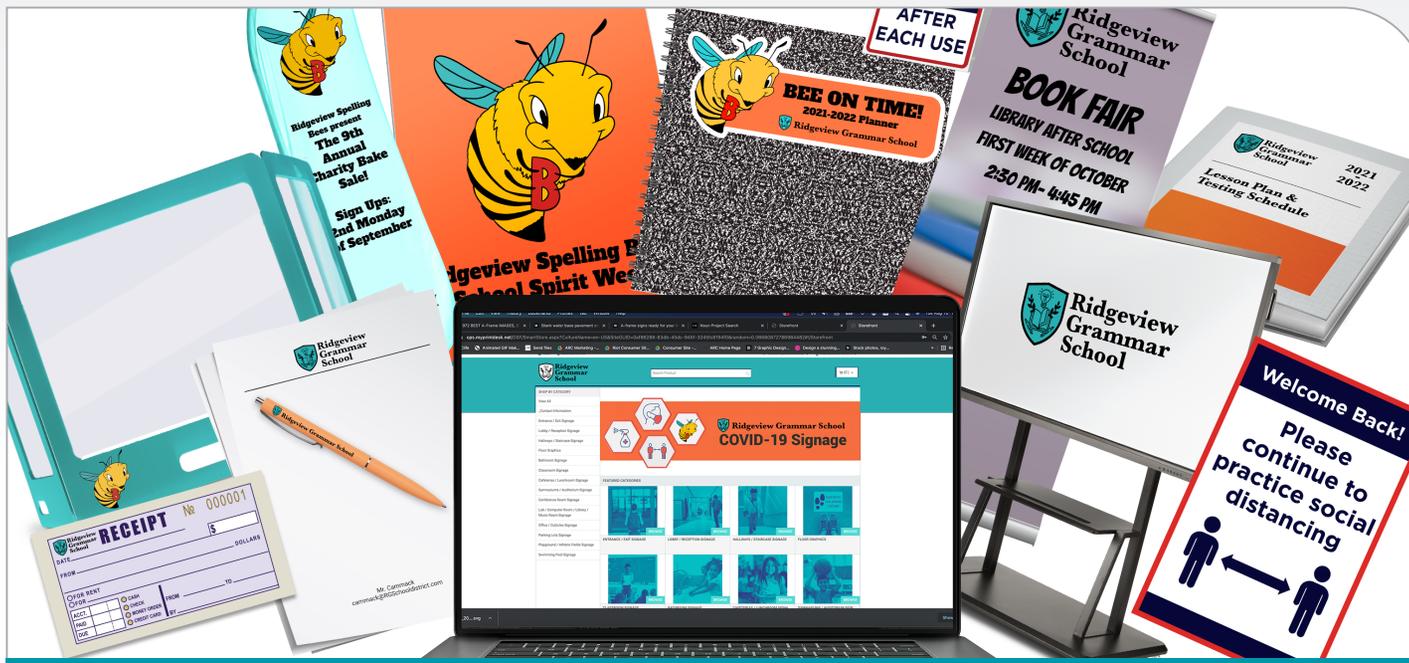

Whether you need an athletics banner at one location or brochures and shirts at multiple sites, simply login, place your order, and we'll deliver to you anywhere in the world from one of our 150+ locations.

## Manage and maintain

With all of your asset files in one place, ordering, re-ordering, and distributing materials is a breeze.

## Ensure consistent branding

No matter how large or small your campus is, your school colors, mascot, and branding will be always be represented consistently across all of your collateral and printed materials.

## Easy ordering for:

- Flyers
- Signs & banners
- Shirts
- Stationery
- Manuals & workbooks
- Teaching programs
- Recruiting & admissions documents
- Business cards, and more

# Scanning & Imaging

Find the info you need in seconds, not hours

It can be a slow and painful process to locate a document within a wall of file cabinets that are filled to the brim. Managing paper records is inefficient, so it's not surprising that many schools lose significant time and money searching through and managing their documents. But it doesn't have to be...

Our SKYSITE Archives mobile platform easily captures, organizes, and centralizes all of your paper and digital documents from all departments, giving you instant access to your information from any mobile or desktop device.

## Perfect for:

- School records
- Administration documents
- Budgets
- Blueprints & plans
- Personnel files, and more

## Free from paper, free up budget

Eliminating paper expenses like printing, processing and storage frees up budget for other priorities.

## Reduce costs, increase efficiency

The average employee wastes at least an hour a day searching for information they need to get their work done. Reduce that 60 minutes to 60 seconds.

## HIPAA Compliant

Your PHI and PII data and images are encrypted so only authorized parties can access it, securely protecting you and your information from a data breach.

# School Collateral

Represent your school with confidence and consistency

Educators must have materials and collateral that look consistent and professional. Unfortunately, small prints like school letterhead and brochures are an area where it's common to cut corners.

In our opinion, your collateral should look every bit as good as your campus. ARC's experts can produce nearly any kind of small print you need to run your school – from stationery and brochures to flyers, diplomas, and business cards. We're familiar with the unique and specialized requirements that educators have and will make sure you ALWAYS look your best!

## Make your materials stand out

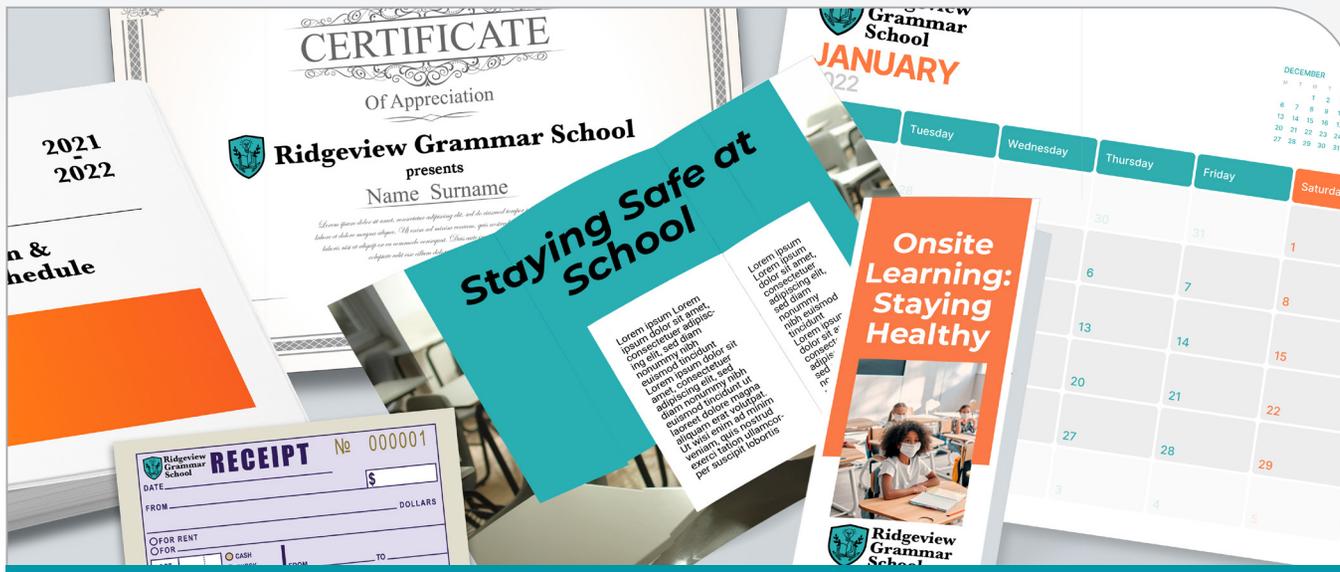

We have a large selection of quality card stock and our production equipment is capable of embossing, imprinting, and coating a variety of materials.

## High-quality

Your collateral is always produced on the latest digital printers using premium materials, ensuring extreme reliability and uniformity. Your mascot will look just as great on a tri-fold as it does on your business cards.

## Convenient and efficient

Simply pick up your order from one of our 150+ locations, or we'll deliver your assets directly to your school.

### Perfect for:

- Stationery
- Diplomas
- Flyers
- Report cards
- Business cards
- Brochures
- Newsletters, and more

# Architectural & Construction Plans

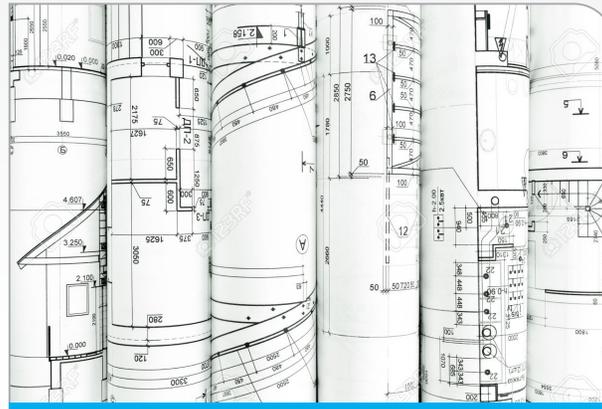

## Reliable prints for every project

When schools begin new construction projects, they must work against tight deadlines to accommodate students and minimize distractions. Submitting multiple plan sets for building permits and dealing with multiple changes and RFQs can be difficult, making it a challenge to complete your project on-time and on-budget.

As the nation's most reliable digital print services provider, ARC will take your AutoCAD and PDF files and produce multiple copies with lightning speed. Whether you're updating your campus with a new gymnasium or building a wing of classrooms, we'll help you get the job done. Our experts can accommodate last minute requests and we're right at home coordinating with your architect or general contractor.

## Reduce errors by up to 80%

We can transform your blueprints with Smart Color, a revolutionary technology that adds color to your plans and drawings, helping you communicate clearly and detect errors before they happen.

## We use the best

ARC is the largest blueprint provider in the world and uses state-of-the-art printers and durable materials to produce your plans with precision and accuracy.

## Our roots are in construction

ARC has proudly served the architecture, engineering, and construction industries for over 30 years and our experts are passionate about delivering projects on-time. We will quickly print and deliver your plan sets anywhere you need them.

## Our specialties include:

- Architecture & construction plans
- Blueprints
- Technical drawings
- Engineering diagrams
- Construction documents
- Bid submission documents
- Topographical maps, and more

# Managed Print Services

You do the teaching, we'll do the printing

Printer, toner, maintenance, and supply costs can easily run out of control when left unchecked.

Reduce waste and increase productivity with our Managed Print Services. Whether you have a few small printers or hundreds of multifunction machines scattered across

your school district, our experienced staff can support your printing and copy rooms along with providing onsite maintenance and supplies. When paired with our Abacus software, you'll get actionable insights that will streamline your processes and keep you focused on what you do best.

## Expert consultation

We'll assess your current situation and deliver a solution that consolidates all of your printers, scanners, and fax machines.

## Save time and money

With our advanced Abacus software, we'll provide you with key metrics to identify and eliminate areas of waste and enable faculty to choose the least-expensive print option for each job.

## Focus on you

With ARC handling your printer maintenance, support, and supplies, you can concentrate on educating your students and running your school.

### Perfect for:

- Print rooms
- School districts
- Offices
- Multiple locations
- Administration areas, and more

# Equipment, Supplies, & Maintenance

Quality printers and supplies delivered to your school

Most schools tend to work with multiple vendors to purchase their printers, maintain service, and re-stock all of their paper and toner.

As one of the largest print solutions providers in the world, ARC has a plethora of printers,

plotters, scanners, paper, and supplies to accommodate any need you have. We're also partnered with top manufacturers so that we can equip you with the dependable, high-quality equipment and supplies you need to get the job done.

## One print partner

Choose ARC for all of your run-the-shop needs like multi-function machines, copiers, onsite maintenance, paper, toner, and supplies.

## Premier partner of Xerox, HP and Canon

We provide our customers with 100% genuine parts, toner, and supplies, so you can be assured you're getting a quality OEM product every time.

## Convenient and easy

Simply browse our large selection of equipment and supplies, place your order, and we'll deliver your items to you anywhere in the world.

## Our specialties include:

- Printers & plotters
- Toner
- Multi-function machines
- Onsite maintenance
- Scanners
- Office supplies
- Paper, and more

# SmartScreens

## Improve communication with seamless connection

Faculty, students, and remote employees need to be able to collaborate and work through meetings and lessons efficiently. Whiteboards and projectors aren't always the best tools for the job.

No matter how big your school is, our SKYSITE SmartScreens empower you to bring your classrooms together to share documents, presentations, reports, and other content in an interactive way that improves your lessons and results. Each unit has built-in screen sharing and mirroring, so you can easily share information from your device with the group.

## Modernize your school

No need to deal with whiteboards, cables, and multiple tools while giving lessons. Easily present, markup or share.

## Harness productivity

Our SKYSITE SmartScreen is an intuitive tool that significantly improves productivity and collaboration between teachers, students, and staff.

## Built tough for schools

SmartScreens come in various sizes and are equipped with high-grade impact resistant anti-glare glass and a heavy duty stand that can lay flat.

### Perfect for:

- Classrooms
- Home offices
- Conference rooms
- Onsite offices
- Lecture halls

**ARC** proudly serves schools throughout North America from our 150+ digital print centers. We're obsessed with details, fanatical about deadlines, and committed to being the most responsive digital printing and document imaging company you've ever worked with.

Our collection of safety graphics and Cube Mate desktop screens are eligible for purchase with CARES Act funds, GoodBuy and BuyBoard purchasing co-ops, and via ARC's GSA Schedule pre-approved discount (GS-O3F-142DA). Contact us to discuss volume discounts.
