Congratulations, the Supplier Clearinghouse is pleased to inform you that in accordance with General Order 156, your business enterprise has successfully completed the verification process, and your company has received the following certification: **MBE**.

Your company will now be recognized by the Joint Utilities as a **MBE** when competing for procurements by public utilities participating in the Utility Supplier Diversity Program.

To download your certificate, please follow the below instructions:

- Navigate to www.thesupplierclearinghouse.com
- Click "Certified Directory" in the top tool bar above
- Search your Company Name as you entered it on the application under "Company Name"
- In the search results, click your company name under the column for "Vendor Name"
- It will take you to a new screen with your company's contact information, click "Certifications" in the tabs
- Click the Adobe Icon under the column for Downloads and your download will start!

Your Supplier Clearinghouse certificate will expire on the same expiration date **April 30, 2026** as that of the WBENC, NMSDC, NGLCC or Disability:IN certification upon which this verification is based. Please notify our office of any change in your address or contact information so that we can maintain your most current contact information. You must notify our office of any change in ownership and/or control of your company within 30 days of the change. Failure to provide that notification is in violation of section 8285 of the Public Utilities Code and could render your certification status invalid.

The Supplier Clearinghouse may request additional information or conduct an on-site visit at any time during the term of your verified certification status. The Supplier Clearinghouse may reconsider your certification status and possibly rule invalid your verified status if it is determined that the status was knowingly obtained by false, misleading and/or incorrect information. Also note that if in a formal opinion, the California Public Utilities Commission determines that the WBE/MBE/LGBTBE/PDBE verification criteria under which you were deemed eligible is no longer valid, then your status may change or you may be required to comply with the change to maintain eligibility.
