in the United States and Canada.

2025 WIDE-FORMAT IMPRESSIONS

Highlighting the top wide-format PSPs
in the United States and Canada.

For the past 42 years our sister publication, *Printing Impressions*, has produced the industry's most comprehensive list of the leading printing companies in the United States and Canada. For the eighth year in a row, we dove into the data and pulled out companies indicating they had digital wide-format equipment and/or provided wide-format sign and graphics applications – including POP/POS signage, banners, billboards, vehicle graphics, SEG, etc. We reached out to obtain sales information regarding their wide-format divisions and departments.

Through that outreach, we were able to produce the *Wide-format Impressions 150 List*, which details on the following pages the largest companies within the United States and

Canada, as ranked by their annual wide-format sales volume.

The financial information shown for the *Wide-format Impressions 150* rankings was provided voluntarily, and we instructed companies to not provide projected/estimated sales figures if their fiscal year was still in progress. As a result, printers shown on this list were most often reporting 2024 calendar year revenues as their most recent annual sales figures.

NOTE: In order to present more relevant industry data, we changed the time of year we collect information for these lists, which makes the data received more timely.

Also, check out page 42, where we provide interesting insights about the *Wide-format Impressions 150* companies as a whole.

NOT LISTED IN OUR RANKINGS?

If you believe your company should have appeared on the *Printing Impressions 300* or the *Wide-format Impressions 150* but did not, let us know for next year's list by following the QR code included here, or emailing pi300@napco.com. We'll add your firm to our database to be contacted for inclusion in next year's ranking.

NOT LISTED IN OUR RANKINGS?

If you believe your company should have appeared on the *Printing Impressions 300* or the *Wide-format Impressions 150*, but did not, let us know for next year's list by following the QR code included here, or email pi300@napco.com. We'll add your firm to our database to be contacted for inclusion in next year's ranking.

— The Editors

WHO WE ARE

Wide-format Impressions

Wide-format Impressions serves as a resource for senior-level executives, business owners, and managers of printing and signage companies providing wide-format services. It covers industry trends, emerging technologies, and news in the visual communications industry.

PRINTING United Alliance is the most comprehensive member-based printing and graphic arts association in the United States, comprised of the vast communities which it represents. The Alliance serves industry professionals across market segments with preeminent education, training, workshops, events, research, government and legislative representation, safety, and environmental sustainability guidance, as well as resources from the leading media company in the industry – NAPCO Media. Now a division of PRINTING United Alliance, Idealliance is the global leader in standards training and certification for printing and graphic arts operations across the entire industry supply chain. To learn more, visit printing.org.
